Power Company Discuss Rates at Conference.

Utilities Concern to Answer Next Monday to Proposition Under Consideration Since Last June.

Before the open council meeting yesterday afternoon the municipal commission held an informal session with the officials of the Peoples Power company in which the city asked for a remeeting vesterday afternoon and the women prisoners were lodged in the rates. The commission will receive an answer from the company next Monday on the subject which has been under consideration since last June.

Aithough asking a rate considerably ower the commissioners have hopes that by Jan. I the price on gas will be cut to \$1 per thousand feet. The present tariff is \$1.10 with a ten per ent discount which brings the price down to 99 cents. The ten per cent discount on the new rate will bring ately reduced. the price down to 90 cents.

Electric light is furnished by the Peoples Power company at present at 5.00 Official Footballs rethe rate of 12 cents per kilowatt hour. The council has hopes of cutting this duced 20 to 10 cents.

Following is the ordinance before selected as director of Bethany home the council, as designed by Mayor Mc-

> "And, whereas this corporation is no longer an infant industry needing protection in its growth, we feel that the Peoples Power company should now grant the concession to the citizens of Rock Island for which they are asking by making a reduction in the gas rates and also a proportionate reduction in the rate for electricity,"

Want Quick Action. Mayor McConochie said yesterday

"We had an informal meeting with officials of the Peoples Power company this afternoon. While we wanted a rate considerably lower, we thought it better to compromise than to have the matter placed before the state public utilities commission, for we could not get a decision sconer than in two years and we want quick action on this matter:

"The company agreed to give us 90. cent gas in another year, but we want it by Jan, I and think that we can get it by Jan, I and think that we can get BASKE. either we or the company would petition to the utilities commission, who would after a long investigation, re-

Commissioner M. T. Rudgren said that the present rate for electricity is 12 cents per kilowatt hour and that the council would likely ask for a 10 cent with four out of five of the varsity men that the battle for that position will be

Present Council Responsible.

The commissioners worked quietly and of the stage early at Augustans, and the commissioners worked quiety and the stage carry at Augustans, and it was not generally known that the council had a matter of this kind unswer the summons of Coach Courad PLENTY SUNSHINE der consideration.

mission was presented to the com- opposite Samuelson. "Sammy" pany's representatives. Compromise was then suggested but no action was taken at the formal session of the council, pending the final answer of the company which will come next Monday. Officials promised to consider again the proposition of the city and make a reply at that time.

SENATOR OWEN OUT AGAINST WAR PROFIT

Washington, Nov. 2.-Senator Robert L. Owen of Oklahoma is the latest advocate of the policy of taking profit out of war by having the government manufacture its own munitions and ships, which policy has been so enthusiastically and systematically agi tated for a number of years by Representative Tavenner of Illinois.

"Private plants should not be expected to do that which is not economic for them," said Senator Owen. The government should develop its navy yards and plants. We should have drydocks so that our war vessels would not be dependent on private docks."

Senator Owen will lead the fight for cloture next session.

He predicted today that rural credits legislation would be given consideration and that codification of the national banking laws would be taken

FOR PAST MONTH

October According to Report of Weather Bureau.

The total precipitation for the month of October was 0.36 inches, according of to the monthly meteorological sum mary of the weather bureau. The greatest rainfall in 24 hours was 0.28 inch, on the 12th and 1, th, and there was a trace of snow during the month. Normal for October is 2.39 inches precipitation, making a deficiency in comparison with normal of 2.03 inches.

There were 18 clear days during the month, partly cloudy, 6; cloudy, 7, on which .01 inch or more precipitation occurred, 4; percentage possible sunshine, 67. The highest temperature was 80, on the 3rd; lowest, 28, on 9th; greatest daily range, 35, on 27th. The mean highest temperature was 66.5; the mean lowest temperature, 45.1, and the mean temperature for the month, The maximum velocity of the wind was 26 miles an hour, on the 26th.

REV. DAVID M'LEISH IS DEAD AT WYOMING

Rev. David McLeish, pastor of the Methodist church at Wyoming. III. died suddenly from heart failure vesterday at his home in that place. Rev. Mr. McLeish was for a number of years pastor of the Milan and Watertown Methodist churches, removing from Milan seven years ago. He was in his 60th year and a man widely known and highly esteemed in the Illinois conference, where he had worked during the major part of his ministery. He is survived by his widow and several married daughters.

The funeral will be held Thursday morning at 19:30 o'clock at Wyoming, services to be conducted by Dr. R. B. Williams, district superintendent, and

Should Have It Poor Cooks Must Have It It's the only way to do your baking justice — ROXANE CAKE FLOUR.

It is not a self-rising flour. There is nothing in it but the richness

of the grain as Nature grew it, prepared by a special process. This insures that your cake shall be light, white and of a velvety texture which makes it not only taste good but keep fresh a much longer time than with flour of coarse grain. Get Roxane before next baking day.
You won't mind the slight extra cost.
A penny or two a cake may save the
whole baking from failure.
